PRODUCT CATALOG

Artline® & Xstamper®

**Serving worldwide customers through future products realizing
“Convenience” , “Genuine Pleasure” and “Trust & Safety”**

Shachihata began selling stamp pads in 1925.
Since that time the company has continued to envision and create highly
useful consumer products of all kinds.

People around the world have come to love Shachihata's products, and this has
become a great source of pride as well as a barometer to guide our actions in
many lines of business.

The modes of communication that people use today are evolving at an
incredibly swift pace. We have developed technologies to accomplish
the tasks of marking, notifying, and approving digitally
as well as traditional ink based solutions.

Our goal at Shachihata is to remain a global leader who supports better
communication in order to benefit people and society.

Creative thought is the means to this end, combined with the act of meeting
challenges in manufacturing.

Be assured we will meet all of the challenges we face.

Shachihata

SHACHIHATA'S ECO ACTION CONCEPT

~For our Earth and our Future~

Environmental Policy

■ Environmental Charter

As an enterprise that enriches people's daily lives and culture, Shachihata regards environmental preservation as a corporate responsibility and is dedicated to the realization of a low-carbon society.

We also seek to provide environmentally friendly products and services with a low impact on the environment in line with its basic philosophy of balancing the needs of the environment with corporate activities.

■ Guiding Principles

1. We shall seek to create products that enrich people's lives and culture while finding the optimal way to manufacture them from the standpoint of the preservation of the global environment.
2. We shall make our environmental activities a management priority and encourage all employees to do their utmost to support these efforts.
3. We shall set our own standards for eco action and take steps to prevent the further destruction of the environment. In addition to adhering to relevant laws, regulations and other requirements.
4. We shall undertake periodic reviews of our environmental practices and standards with the aim of sustaining progress made in preserving the environment.
5. Steps shall be taken to make our environmental policies known not only to all employees but the general public as well with the goal of cultivating a shared understanding among all.

1. Manufacturing meets current regulations

Shachihata is manufacturing products under strict Global regulations of chemical substances from the planning of material composition to the shipping. We are also a Green Partner with some electronic and electrical equipment manufacturers.

RoHS

Shachihata follows directives of the European Union that restricts the use of certain hazardous substances in electrical and electronic equipment. Our products are widely used in the production process of manufacturers of such products.

REACH (SVHC)

Shachihata reviews regulations for manufacturers and importers by gathering information on the properties of chemical substances, in order to protect people's health and environment.

ELV

Shachihata products are widely used in the production process of car manufacturers as marking tools which meets the End of Life Vehicles Directive.

GHS

Shachihata provides by SDS the correct information about the potential dangers of chemical products according to Globally Harmonized System of Classification and Labeling.

Shachihata is adopting original regulation of environmental investigation.

[Example] Flow of chemical substances of purchased materials

- | | |
|--|------------------------------------|
| 1. Selection of manufacturer of material | 4. Registration of analytical data |
| ↓ | ↓ |
| 2. Inspection of controlled substances | 5. Incoming inspection |
| ↓ | ↓ |
| 3. Verification of analytical data | 6. Acceptance validation |

Shachihata is compliant with various chemical survey sheets which are required by many types of industries, countries, and organizations (such as the EU), and is able to submit the documents.

- SDS (Safety Data Sheet) Japanese / English
- JIG (Joint Industry Guide)
- JAMP chemSHERPA
- JAMA (Japan Automobile Association) sheet

- GADSL (Global Automotive Declarable Substance List)
- Declaration of Non-use of RoHS / halogen / SVHC / phthalate ester / PFOS
- Other particular inspection sheet

Environmental issues caused by excessive energy consumption must be dealt with immediately. Shachihata is dedicated to restoring balance in the global environment by stepping up its efforts to conserve and recycle resources and develop production systems that minimize industrial waste. Eco Action will remain a guiding principle in Shachihata's operations now and for the foreseeable future.

2. Manufacturing Long Life products

Long-lasting is one of our core concepts in research and development. We offer a full line-up of refillable markers, stamp pads, and pre-inked stamps.

3. Ecology system good for people and the environment

Shachihata conducts eco-friendly manufacturing at each factory.

Example: Inazawa (Japan) factory

Ink solvent recovery system

Waste water regenerating system

ISO 9001 / ISO 14001 : RESEARCH&DEVELOPMENT, PRODUCTION HEADQUARTER

4. Manufacturing that is good for the environment...ECO-GREEN

Shachihata has released a line of ECO-GREEN products made from recycled and other materials of a low impact on the environment with the realization of the action that must be taken by the manufacturer.

5. To prevent global warming

Shachihata has been conducting Carbon Offset (in Australia) to prevent global warming.

[Carbon Offset]

Artline has purchased carbon credits in global hydroelectric power generation. So Artline 70, 90, 700 and 100 permanent markers, and 200 writing pens are doing their bit for the environment.

What is “Artline” ?

CORPORATE PHILOSOPHY

Serving worldwide customers through future products realizing “Convenience”, “Genuine Pleasure” and “Trust & Safety”

We develop demands even customers are not aware of to provide ultimate “convenience”, “genuine pleasure” and “trust & safety” through our unique and hearty products and services for worldwide customers.

WHAT IS ARTLINE ?

History and background of the Artline brand today

Competitive values intrinsic in the Artline brand

Advantages the Artline brand brings to its customers

Ideals identified with the Artline brand

The message Artline wishes to convey

DNA

A brand born of and shaped by the voices of customers

A history of creations that brings joy to customers

Artline is a line of products developed by Shachihata, a stationery manufacturer established in 1925 in Japan.

The starting point for the Artline brand was the development of a stamp pad that was so popular, Shachihata itself became the genericized trademark for all such products.

The advanced ink technologies that grew out of the development of the stamp pads were used to create a line of markers in 1954 that are now the brand's flagship products.

In the 50 years since its birth, Artline has won the heart of consumers thanks to Shachihata's tireless efforts to sound out customers around the world on their needs and its unrelenting efforts to improve existing products and develop new ones.

The voices of each of our customers, no matter how small, play an important role in the creation of our products.

We believe that the cumulative efforts of listening to our customers and strengthening our ties with them enable us to make Artline a reliable brand that is always at their side.

VALUES

Quality that fuses customers' sentiments with Shachihata's cutting-edge technology Marking instruments familiar to each and every person

Artline has played a role in the development of society as a whole with products that meet the specific needs of customers by making use of the marking technology cultivated by Shachihata over the years

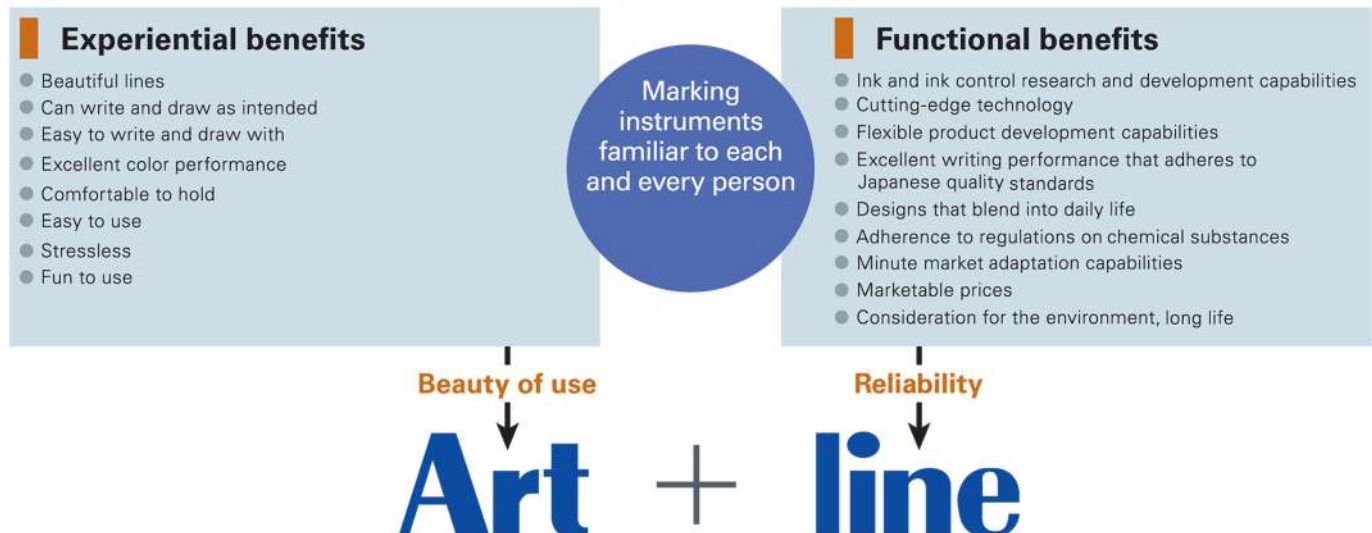

1. We shall enhance the basic performance of marking instruments so they are more fun, useful, and easy-to-use.

2. We shall enhance customer satisfaction by developing products that fulfill customer needs.

3. We shall build a society in which the needs of people as well as the environment are taken into account through the provision of safe and reliable products and an eco-friendly manufacturing process.

BENEFITS

Instruments that are beautiful to use backed by outstanding technology Instruments people love and can count on

VISION

Bringing new color and wonder to customers' daily lives

Creating a brand that is a part of and enriches customers' lives

The process of writing and drawing with an Artline markers is one that gives shape to one's thoughts and adds colour to their lives.

Dazzling ideas and inspired thoughts worthy of recording. Amazing plans that will take everyone by surprise.

Gemlike schemes that are notions come to life with an Artline marker.

Writing with an Artline marker is so smooth and flexible that you feel the ink flows from the fingertips.

The writing instruments are like a longtime partner and feel good in one's hand.

A favorite pen lasts a long time and can be used over and again.

Artline makes tomorrow more enjoyable.

We shall develop Artline as a brand that is a part of and one that enriches peoples' lives by creating new products that people wish to have and which they can enjoy writing with and using.

Artline®

PERMANENT MARKERS

COLORFUL PERMANENT MARKERS FOR A VARIETY OF USES

For use on most surfaces - paper, plastic, metal, etc.
Long lasting clear drawing is assured with the fast dry and waterproof ink.
The safe alcohol-based solvent ink - Xylene Free.

EK-70

Standard Permanent Markers

1.5mm (writing width)

- Bullet nib
- Instant drying
- Waterproof

Fast drying, low odor, and water resistant.
Perfect for use on most surfaces.

INSTRUCTION FOR LOW CORROSION PAINT MARKER

- Before first use, remove cap and hold marker with the nib side facing up. Press down nib with your thumb once to release air.
- Replace cap and shake well.
- Depress the nib lightly a few times for sufficient ink flow.
- Do not press the nib too hard as excessive pressure can result in blotting.
- If the ink color fades, wipe the nib with a piece of tissue paper or cloth.

Artline®

METALLIC INK MARKERS

SPECIAL MARKERS FOR ARTS & CRAFTS, DECORATING AND WRITING ON GLASS, PORCELAIN, PLASTIC, METAL, RUBBER, WOOD AND CARD

Rich in gold and silver pigments; creates an excellent metallic effect. Quick drying, highly water and fade resistant ink. Completely opaque, even on dark or transparent surfaces. The color will remain crisp over a long period of time. Acid free.

INSTRUCTION FOR METALLIC INK MARKER

- Before first use, remove cap and hold marker with the nib side facing up. Press down nib with your thumb once to release air.
- Replace cap and shake well.
- Depress the nib lightly a few times for sufficient ink flow.

OBSCURE PRIVATE INFORMATION PERMANENTLY

Permanent marker

Secure marker

With ordinary marker ink, carbon often floats to the top after the ink dries, which makes original text readable again because of light reflection. Secure marker ink formula minimizes this phenomenon to obscure information.

BEST FOR MARKING ON A VARIETY OF FABRICS

INSTRUCTION FOR POSTER MARKER

- Before first use, remove cap and hold marker with the nib side facing up. Press down nib with your thumb once to release air.
- Replace cap and shake well.
- Depress the nib lightly a few times for sufficient ink flow.
- Do not press the nib too hard as excessive pressure can result in blotting.
- If the ink color fades, wipe the nib with a piece of tissue paper or cloth.
